“ So sorry to hear of your loss Kathleen. I can relate some because I went through similar circumstances with my wife Kathy. I saw it coming for a long time but it didn't take away the sting when she was gone. That was 3 years ago this October. It takes time, but life will find its way back to you.

“ Kathy and Family-May God be with you during this time. I worked with Jim at American Speedy/Allegra Printing and he was a kind, caring and compassionate man. He treated everyone with respect and he was successful in his sales role. Wishing you peace and strength with each new day.

“ My Dearest Jimmy,
How I loved you, and always will.

Kathy,

If you were to look up what a good wife should be, your name would be at the top of the list. You were a devoted and loving partner throughout your entire marriage. You and Jimmy exemplified what a true partnership should be. You two had a love affair to remember. Please hold onto this sentiment during this very difficult time for you.

His caring and compassionate nature was evident at a very early age. How many young men in their early twenties would take the time to take his cousin's little girls on outings. He was the handsome and cool relative who drove the shiny sports cars. Whether it was taking Colleen and I to the beach at Clarklake or the Jackson county fair (one of my most cherished memories of him), he was always there for us. He continued to remain part of our lives throughout our adulthood.

Mom And Dad are deeply saddened to learn of your passing. They have so many cherished memories of you. You were such an integral part of our families lives. You always shared in our joys and sorrows.

He had a special bond with his Aunt Mary (my Grandmother). Kathy and Jimmy helped look after her in her latter years, and spent countless weekends traveling to her house in Sandusky. Jimmy held a very special place in her heart. He also was dearly loved by his Aunt Agnes, and did many things for her as well. Again, he was so giving of his time to those he loved.

May you rest in peace and you have my solemn promise I will keep in contact with your beautiful wife. You and Kathy were/are an important part of this family. I have one selfish request of you. Please plant a gentle kiss on Grandma's and Aunt Agnes' cheeks for me. Their Jimmy is with them again.

Lastly, when ever I here Procol Harum's, "A whiter shade of Pale", I will think of you and smile.

Lovingly and God Bless you,
Cousin Mary Lynn and the entire Buehrly Family

“ Dear Kathy, I was so sorry to read about Jim passing. I was one of his dialysis nurses at Beaumont. I remember his wonderful sense of humor and how well he handled the need for his dialysis treatments. I worked 36 years in dialysis and some of the patients really stayed in my memories. I remember being so happy he was able to get a Transplant. Sending prayers and thoughts to you and your family! Susie Carlin RN

“ My prayers are with you Kathy. I will always remember Jim for his smile and his wonderful storytelling. When I first moved in a larger tree limb fell in my backyard. We were both in the back and he asked over the fence, “what are you going to do about that limb?” I told him I had a saw and would work on it. He showed up a few minutes later with his chain saw and said, “its too big to saw” and just took care of it for me. He was always so willing to jump in and help a neighbor. He will be missed. Blessings, Bryn

“ I remember meeting Jim at CSW Designs in Royal Oak, when I was working with the art director there on a magazine project. He was a client there, too, and always had a smile on his face. Later, when Jim was a "regular" at Niki's Restaurant, I'd see his smiling face at one of the tables or at the counter, and learned that he and his wife Kathy were neighbors too. Jim was always so upbeat, no matter what he was going through, and he will be missed,

“ Rest In Peace now. Your faith and the best partner you could have hoped for and loved were always present in life's joys and challenges. You were loved and will be missed by friends and family, and a circle will be smaller by your passing. Kristine
