“ I knew Stephanie since high school. We were always together. We talked on the phone for hours. She was kind and would help anyone who needed a hand. She would have given you the shirt off her back. She was there to listen if need be. I thanked her for being my friend and being in my life. She showed great amounts of courage and strength through out her life. She lived her life to the fullest, always pushing forward. It's hard to believe she is gone! I hope you are at peace now my friend. I miss you. Rest in peace my friend. I know you are looking down from above and smiling at everyone. As I said at the end of our phone conversations, "I'm sending you hugs and kisses and I love you" Love, Joanne Russo

“ Stephanie came to the zoo to become a docent and I was lucky enough to be her mentor. She was a big asset to the Detroit Zoo even with the problems she faced in her own life she was wiling to help educate others about animals. We kept in touch even after we both left the zoo. I will miss her.

“ I met Stef in 2000. Our employers were in the same building across the hall from each other. We met on accident and the rest is friendship. We went through 9/11 together, We did the same craft shows for years, spent many meals together at work and on our free time and so much more. Mongolian BBQ was our favorite. She encouraged me and supported me as I tried to do the same for her. She had a very special heart and it will always be remembered. Life kept us apart in the end but my love for her has remained strong. I will miss you greatly. Hugs to you Marc stay strong for her.
