“ Tim & Jenny and families, I'm so sorry to hear about your dad. I have so many great memories of him! I would always look forward to him visiting when he & the other pressmen would come to our house during lunch or between shifts. I can still remember the sound of his voice and his laugh. I'm pretty sure he helped build our pool decks & sunroom when I was a kid. He was there for my high school graduation party & my wedding. He was family & he will be missed. Lots of love to all of you.

“ Al took me under his wing and was my biggest advocate, supporter, and friend. He was a father to me, and made me feel special and important, always. He came to every one of my theater performances, stood by my side in difficult moments, and made me laugh unlike any other human I've ever known. (We even created our own language.) I will always be grateful for him, for our living room performances, and for all the things he taught me. Thank you, Albie. I love you. (Flarson)  Cara Mia

Al made it easy to laugh that's for sure. Sometimes I called him Jeep cuz he would "pop in" on the press just at the right time. Always in good spirits and a good union man. He will be missed. My prayers go out.
