“ Dear Bryant Family....First of all, I am so deeply sad about your loss. I miss Alice very much, and will always remember her intellect, friendliness, energy, her infectious laugh, and great sense of humor. She was a unique individual. Even though I knew her for a short time, she was a great inspiration to me, and someone who was fun to be with, and most of all a really interesting conversationalist. I love you Alice...rest in peace....you are greatly missed.

“ Dear Bryant family, I am remorseful about your loss and like to extend my deepest sympathy for your loved one Alice Bryant. From personal experience I know that the death of a love one causes pain and grief and sometimes it seems unbearable. The Scriptures contain comfort that can assist us during times of distress. The ransom of Jesus and the hope of seeing my loved one again in the resurrection brought me comfort. I would like to share these three scriptures with you to give you comfort John 5:28, 29, Acts 24:15 and Romans 15:4. May the God of comfort give you peace and rest.

“ My aunt Alice was a very special lady. She was very active all her life. I spent time with her and her family each summer when I was growing up. We visited her in Venice after she and my Uncle Scott retired. We played Scrabble in Venice, she was very sharp as she was with everything she did; playing the piano, bridge, reading books, playing badmitton...so many memories. I will miss her.

“ Some people we know for a lifetime and barely know them at all, others become cherished friends in no time at all and you wish you knew for a lifetime. My friend, my scrabble partner, my walking companion and so much more. Alice will be remembered fondly.

“ *My one wish is that I would have known Alice decads earlier. We were two peas in a pod when we were together. I loved hanging out with her when the family was away and watching Jepordy. We enjoyed many a breakfast & tons of laughs. Alice had one of the quickest wits I ever knew and I really enjoyed her timing with a joke. I loved her plan and simple and it was very easy to do!!! I will miss her tremendously. Until we meet again Alice.Love you,Christina*
