“ *Al was my mentor when I started at Ford. We spoke in April and from time to time on the phone. My son worked on Al and Franks sprinklers one year and they thought that was great as they had no idea what to do. They were always very kind and generous to everyone they met. I can't express how I will miss our conversations about anything and nothing. He was a cool person to call a friend and extra older brother that we all will miss.*

“ *So sorry to hear of Al's passing. He was a good customer and would sometimes drop by the shop to ask a question or just to say hello. I will miss him and our conversations.*

“ My Uncle Al was one of my favorite uncles. Most of my young life in small town Patton, many of our aunts and uncles graduated, left for the big cities, and thus acquired bigger more exciting jobs. This was an inspiration to me to do the same. One of the most exciting times for me, and my siblings, is when our aunts and uncles would come home to Patton to visit. When I saw Uncle Al’s car, especially the white Thunderbird, I was immediately excited and ready to run up to my Grandmother’s to visit. Uncle Al and Frank were so very kind and generous to me and my brothers and sisters. I was fortunate to visit with my Uncle Al and Frank later on in life when they visited us in the San Francisco Bay Area. I was so happy that my children at least got to meet him (2 times!). Needless to say, he and Frank were a hit with my boys. It was a wonderful visit that I hold more precious now that he is gone. I know in my heart he is in a better place. Rest in Peace Uncle Al. “ Al and Frank were two of my favorite people- Always kind, caring and extremely generous with their hospitality- Opening their home for some of the most wonderful parties and even just a simple get together at times- They were responsible for introducing me to opera and expanding my appreciation for the arts- They were a joy to spend time with!!

After Frank's passing, there was a sense of loss for all of their friends but especially for Al- He still would venture out and spend time with friends, as we all shared in his grief- Having become a fan of opera, Al would join me at times for productions of Michigan Opera Theatre- Dinner, opera and good conversation, made for a most enjoyable evening- He will be missed and I will never be able to pass by their house, without a sense of sadness now.

Al was our beloved neighbor. We moved in next door to Frank and Al in 1995 and they were welcoming to us from the start. They watched our kids grow up and never forgot a birthday or Christmas. As a matter of fact, Al walked over the day before he passed to wish them a Happy Birthday and gave them cards.

Al always took such care of his house even in his final days. We will miss seeing him out and about planting or pulling weeds and will miss our talks over the fence. Most of all we will miss his kindness and generosity. May you Rest In Peace Al, as you find your way back to Frank.

“ Uncle Al was a wonderful and most generous uncle! As children we were so happy when AL and Frank came home to Patton to visit! Frank was a wonderful man too! Al wanted to share the world with us. He took us to Penn State to experience an incredible new way of life! When our son AJ decided to go to PSU (Class of 2017), Al was thrilled!
I will miss you Uncle Al, you were a kind and loving uncle. Your niece, Kathy Vezza Nestler. May you rest in peace!

“ Al was a most generous friend. Our friends and I spent many evenings out to the DSO, the MOT and dinner and also enjoying his company in his home. I would take a dessert over and Al would put on the coffee. He regaled us with so many stories of his childhood, the many organizations he and Frank supported and of his many many friends. He will be missed. We love you, Al. Sincere condolences to his family and friends. A very special soul.
