“ *This brings many tears to my eyes and stillness in my heart. Andrea was an amazing individual. We went through High School together and she always brought a smile to my face and a laughter in my heart! We've shared so many experiences and she was always able to make me feel comfortable.*

Even after moving away Andrea was one of the few who continued to keep up with me and check on how I was doing. I wish I would have been able to open up her pains as much as she strove to help me deal with mine.

Andrea you will be missed till the end of time, but you you will always be remembered for the beautiful woman I have always known you as.

I pray you have now found peace and will continue to live there till the end of time.

RIP Andrea!
