“ We're going to miss you, Grandma. We all have fond memories...especially me Beth. Cutting your grass, hanging out on the porch with you and Grandpa, riding my bike to your house...and in the past few years, visiting you at your apartment when we came through Michigan. You always made us laugh, Grandma.

“ I will always remember how my Great Grandmother always had treats for me rice pudding when I would go over there to visit. She took great care of me when I split my chin open as a child because I was silly and put a washcloth over my face! She never forgot a birthday either. She would always make sure that we got a birthday card. Sometimes I got a card addressed to me, but with someone elses information on the inside, but I knew it was the thought that counted! She was an honest woman that pulled no punches and always would say it how she felt. We were lucky to have her in our lives for so long. May she rest in peace with the rest of our family. Love you always, Jamie
