“ "Miss" LaBita was my manager at Fanny Farmer Candies at Northland Center in from 1966 to 1968. I was a high school student at Mercy High School and she hired some friends of mine from school who recommended me. We loved Miss Labita. She was a great manager and a wonderful person. She was always full of joy. I always remember how ladylike and proper she was. She was impecable in her appearance and manners. I truly admired her. She taught all of us many valuable lessons. I will pray for her and her family and friends.
