“ My time with Anna during family gatherings always involved laughter. She would make me laugh with her honesty and great sense of humor. I will miss those moments with her. In her honor, we've made a donation to the Michigan Medicine Office of Development for Cancer Research. Our deepest condolences and love all members of our family.

“ A few words don't do an entire life justice, so I choose to reflect on the past few months. I was honored to be one of those that walked beside Anna as she battled her cancer. I witnessed courage during fear, strength during weakness, and grace in resolve. I held her hand as she said “Cancer Sucks!”. We laughed together, we cried together. We tried to find hope in every day. I hate Cancer for what it took from us, but today....I am going to show the grace that Anna has shown by thanking it for allowing me to etch precious moments with my sister (in-law) into my heart... never to be forgotten. Be in peace, Anna, until we are together again.
