“ I was the Secretary at the Marketing Investment Branch Office from 1972 - 1983 and had a fun relationship with Tony. He was one of our first dealers in the network and called often . . . make that every day for the Branch Manager, whether it was Dwayne Harris, Tom Howard, Jack Childs. There was never a dull moment in those conversations! I have great memories of those days! Tony, you will be missed by many. My sincere condolences to all the family. Rest in peace dear friend.

“ Henry Ford has lost one of its greatest pillars in Tony Viviano. When I started as a physician close to 40 years ago when it was St. Joes, I remember Tony as a a very welcoming person in the hospital.

I remember him asking me to be a member of the Ethics committee of the hospital which he chairs and I have not seen any better wisdom and clarity in making decisions on patient's wishes and especially when it conflicts with the hospital catholic teachings.

When I was chief of staff and by default a member of the hospital board, I also remember him asking me to join the executive committee of the Board, a singular honor I will not forget and it shows his regards and respect for the medical staff.

I will miss him. He is indeed a friend.
