“ Art was like a brother to me. I remember taking him to what I thought was his first ever high school prom. He had asked me to take him because he had moved out of the school district, so when we arrived, a quickly realized this was not his first prom at this school! Come to find out, he had been going every year for the past few years. Everyone loved seeing him. We had a great time.

“ I had the privilege of working with Arthur while he was a student at the Waterford Training Institute in Waterford Michigan. We spend hours talking about sports, his life and his dreams. He had an amazing sense of humor, lots of laughs and appreciation for the many things in his life. He will be missed but leaves fond memories to many.
