“ You are in my thoughts and prayers. While growing up we take so much for granted and time flies. Remember our families getting together and talks with both your Mom and Father. Going to Church and school with you girls. Take care and hope to see you all sometime in the future. Michael

“ You are all in my thoughts. I remember when Art and Marge moved into their house on Cass, two doors from us, when they were married. That was an exciting time for everyone. I remember gathering chestnuts on their front lawn for our autumn fires. Later, I remember babysitting for all of you, and then Karen babysitting for our first child when we lived in the apartment over Dad's office. Art helped us to get our first home mortgage after I married George. I have such warm memories of all of you. Art was a wonderful, caring person, always showing interest in our activities and serving the community in so many ways. He leaves a rich legacy. George and I offer our sincere sympathies.
