“ As her stylist for the past gazillion years, I can honestly say that Betty was so proud of her family. Every Thursday at 2:00, she would fill the half hour with the latest goings on with family or share memories of different events in her life. Some were sad, others were happy, and some just made me think that she was such a proud and fearless woman. I feel very honored to have been a small part of her life. She will truly be missed. Thursdays at 2:00 just won't be the same. My thoughts and prayers go out to her family. Sue

“ Our thoughts and prayers are with all of you. We are sad for your loss, but know you have many great memories of Ganny to think back on and remember, to help ease the loss you feel. Even as you mourn, try to celebrate the life she lead and know that God used her in so many ways to touch the lives of so many people. Please let us know if there is anything you need. “ Dear Tom, Sharon, Butch and families---what a bummer--as I sit here in front of my window looking out at the AuSable river--the American flag is flying and I think of Betty with a heavy heart and and a tear in my eye---but I have a grin on my face because I can imagine seeing her smile and hearing her chuckle. Some people you never forget and she sure is one of them. I'll catch up with her in Heaven someday and we'll laugh together again. May our Lord and Savior Jesus Christ comfort all of you at this time. Margaret and Buster Merrell

“ Dear Sharon, Scott, Todd & Mr. Knapp There are never the right words to provide the comfort you all need at this very sad time. Please know how sorry I am for the sadness you feel. One thing everyone knows about this wonderful lady--her family was her world! You are all so blessed to have had her in your life. Your task now is to live her beautiful example of what a wife, mother, sister, grandmother, aunt and friend can be. I am away at this time so cannot be at the memorial but will be with you all in thoughts and prayers. Marcia

“ Although we didn't get to know Betty as well as we would have liked to. It was obvious she was very proud of her family. And much to her credit, she should be. You are all wonderful people and in our prayers.

“ Betty has been like a second mother to me. She was a caring and loving person with a lot of wisdom to share. Betty had such an impact and made such an impression on me throughout my youth and my adult years. There is no way to explain my loss. My mother and Betty were like sisters and our entire family is mourning our special member.
