“ Beverly and I were Royal Oak Pinehurst Avenue and First Congregational Church friends. She and her late husband Ken built their Pinehurst home and for many years were the matriarch and patriarch of the street. When it became necessary for Bev to move to a senior living facility, I tracked her from one place to another and we shared much beside conversation and laughter. I shall miss her greatly. She adored her grown children. Kenneth and Alexis, please take comfort from knowing that you lovingly watched over Bev. Your Dad would be proud! You done good!
