“ Dear Mom I am so sad that you have left this life, but I know that you are welcomed into Heaven with loving arms. You have suffered many years but never complained to me about it. I know that's why I was able to get through my cancer treatments because I knew that if I complained about pain and suffering it would have ended sooner. I will miss my regular phone calls to you at 9:00 am on my way to work and asking you what are you doing. You were always just listening to the news or reading the newspaper. I have many great memories of us which out weigh any of the not so good times that you suffered. The most important thing that you have instilled into me is strength. I will get through this. I will miss our trips to White Castle and eating them in the parking lot. I now have no one to do that with as your grandchildren just don't understand how good they are..Lol! I was not a fan of playing cards, but I know that was such a good time for you so I know your card fan club will greatly miss you. You were always considered the cool mom to me you didn't mind listening to rock and roll music. You always gave us what you could afford I never lacked anything. The other most important thing to have is love and that is priceless. It truly showed at your funeral you meant something to everyone that came to see you off to your life in Heaven. You are now with the love of your life who treated you the way you deserved to be. And of course Snowy will be happy to see you as will all the family dogs because you were the only one who sneaked them goodies. And you are probably eating all the chocolate you want. Chocolate cake and peppermint patties and cant forget the oreo's it's comforting to know that you can now walk and run if you want and not be in pain. Mom you are forever in my thoughts and memories Love, Cinderella

“ Dear Family, I was saddened to read of your loss and I’d like to extend my deepest sympathy for your dearly loved Mother and grandmother Ms. Beverly. I can only imagine the pain you must feel. I pray that you can find comfort from the the Bible. Jesus Christ, thru God’s Kingdom, in the Bible, gives us the best comfort during times of grief. Luke 23:43; John 5:28, 29 ~ Hope this comforts you like it has my family during loss. Your family will be in our thoughts and prayers.

“ Boyd William Glenn Wednesday via mobile! It's hard too think that just last week my grandma Suzor was messing my name up or making fun of me and letting me always make fun of her. She truly was one of the best people in the world. She always knew how too put a smile on my face. I don't know what I would of done in life if I didn't have you by my side and always protecting me from getting in trouble. It sucks that your gone but I know your in a better place now and you might be gone but you'll never be for gotten -love Boyd R.I.P. Beverley Jean Suzor

“Brittanie Glenn Tuesday near Attica RIP Grandma Suzor. I love you so much and I can't believe your gone. This was so unexpected I can't really wrap my mind around this. I just wish I could have said goodbye to you. I'll cherish all the memories you and I have shared, you always put a smile on my face and always could make me laugh. You have taught me so much and always had my back when others disagreed with me. I'm going to miss our talks and miss giving you a kiss goodbye and having your red lip stick on my cheek. I'll always remember playing barbies with you, letting me play with your hair when I was young, playing restaurant with you and cooking you breakfast, baking christmas cookies, laughing at you when we try and watch a movie and you fall asleep on me, listening to the crazy things you say and usually never made any sense, you taking my Abercrombie bags because you think the guy on the bag is smoking hot lol, and most importantly hearing you call me minnie mouse, i have no idea why you started to call me that but it stuck with me and i hate that ill never get to hear you say minnie mouse i love you ever again. I don't know what I'm going to do without you...I just hope you know I loved you so much and hate that your gone I wanted you to be able to see me get married and get to meet my future kids. Why did you have to go too soon? This is going to be the hardest thing I'll ever have to do, accept that your gone but I know your in a better place and in no more pain and with your love up in heaven. I bet snowy girl and pippy Suzor are excited to see you! Give them a hug and kiss for me. I love you so much-

“ Well grandma you left to soon I can't stand u not being here with me I wish I could have had one more day with you. I'm going to miss absolutely everything about you, especially watching you look at me and roll your eyes at something mom said and I would grin and nod at you lol we had our secret little moments all the time making fun of dad and mom lol it's the little things like this that are going to be missed the most by me. But at least you and I know one thing you will never be forgotten but always missed! You didn't have much but that never mattered to me because your love was always enough. And i always knew if you could you would give me the world. I'm so grateful to have been blessed to have a grandma like you all these years and now know your up in heaven looking down on me ; I love you so much! N dad that was perfect!
