“ Brad was a classmate of ours from the '82. He was always such a gentle souled person who knew when to crack a joke just to surprise us all from his quietness. Brad you will be missed. It is a great sorrow for you to leave this world. Yet, it is with peace that we know you are will our Lord and Savior.

John 14:1-4 “Do not let your hearts be troubled. You believe in God; believe also in me. My Father’s house has many rooms; if that were not so, would I have told you that I am going there to prepare a place for you? And if I go and prepare a place for you, I will come back and take you to be with me that you also may be where I am. You know the way to the place where I am going.”

“ So sad to hear of your passing. The class of 82 has certainly seen it's share of tragedy. Your salt and light will be remembered.

“ Another one gone much too soon. I had the good fortune of attending High School with Brad. Our class of 1982 is full of great people but as I recall not many embodied a truer level of honesty and sincerity. But he could also be the jokester from time to time as well. :)

I'm sorry to hear of your passing my friend... but I also know that your journey is not over.. I will hold your memory. Peace

“ I am shocked and sad to hear of Brad's passing. I had the pleasure of working with Brad and found him to be so accommodating and willing to take what ever time it took to get a project completed. I recall one instance where he came up to my office in Traverse City on a Friday in horrific winter weather to assist me in getting a project completed that I needed for the following Monday. Even though the weather got progressively worse Brad would not leave until we completed the project which went into the evening.

My prayers to Brad's children and family.
