“ *I've known Brad from work and my personal life for over 25 years. He was probably the best driver/mechanic at work. Brad never turned down a request to help both at work or in his personal life. My condolences to the family.*

“ *Sad to hear of Brads passing. I worked with him for about 5 years until my retirement 2 yrs ago. Brad was a genuinely warm hearted human being who was always ready to help in any way he could. I still have his list of winning keno numbers he gave me, and will think of him when i play them for the first time this week. I consider him a friend and offer my condolences to the family on his passing. Sincerely Rick Peldo*

Just heard about Brad's passing. Worked with him in the early days at Chrysler Defense and General Dynamics. Sad, too young.

Just learned of Brad's passing. My deepest sympathy & condolences to his family. I met Brad several years ago through his work in Texas. He was a great guy with whom we had many laughs. Though we have not seen him in years, our hearts hurt that he is gone. Rest in peace, my friend. "F.O.E.S.A.D" is my feeling for today.
