“ I know it's been a long time since dr. Smith died. I'm still thinking about him. He was a wonderful doctor. I went to him for almost 20 years. When I heard about it I cried and cried. There will never be another good doctor like him in my life. I still miss him so. My condolences to his family, friends and patients.

“ A very late condolence to family of Brent... I was at MSUCOM with Brent and had such great memories of our times together through the drudgery of medical school. Then we lost touch, as many of us as we go into training, until he starting be a referral to my endocrine practice... so many loved him as I did!!!! My heart hurts for a terrible loss...

I was shocked when I got bad news from dr Brent Smith's office. I couldn't believe he is gone . He was my only best communicated doctor and kindness man. He was only one that knew my health problems. With his death I lost everything. R.I.P dr Brent Smith.

“ I know some time has passed since I first got word of Dr. Smith's death, but I can't help but still cry when I think about the fact that I won't be seeing him again. He wasn't just my doctor but he was a true friend who took time with me and truly cared and was concerned about my well being. I've been with Dr. Smith for 23+ years. He was my children's Dr. until they were grown and remained mine and my husband's primary Dr ever since. My heart aches with sadness~I wasn't ready for him to go, I thought he would remain with us until old age. We are looking now for a new primary Dr. and I know it will be hard, because no one could ever replace my doctor, my friend, Dr Smith❤️
My heart and prayers go out to his family, friends and co-workers!!
Dr. Smith will be forever missed!!!
Heaven welcomed home another angel🙏🙏

“ I just found out about Dr. Smith's passing. I have been his patient ever since I was a kid. The funny thing is I was never afraid of needles when all the other kids were because Dr. Smith would do the flu shots with such skill that there was nothing to be afraid of. However, it was only until a few months ago that I had the chance to experience his true skill. I had a minor procedure performed by him and it went very well. He did a great job with the procedure and also making sure that I was calm and collected. Dr. Smith, you will be missed.

Rest easy, Dr. Smith.

“ My wife and I have been patients of Dr. Smith for 13 years. This morning, I took my wife to Sterling Medical Center, for treatment, and it was only then we learned of his passing. To say we were shocked and saddened would be an understatement.

We couldn't have asked for a better physician than Dr. Smith -- he was always kind and considerate, and never dismissive of our complaints. There have been times we've sought assistance at other facilities due to certain circumstances, but none of them were as pleasant to work with than Dr. Smith. He is a credit to the medical profession, and sorely missed. We wish he had more time here with all of us, but we're grateful for knowing him, and thankful to have had him as our physician.

Until we meet again, Dr. Smith.

“ In this grief time for all of his patients and family members. It is a very sad thought finding out that he has passed. May God bless him and everyone that cherish him. Brent Smith was my Dad's doctor for years and my dad is so devastated and depressed that he has no one to turn to for his prescriptions or to help my dad out. Dr. Brent Smith saved my Father's life and he is such a good kind man. Always have a happy soul. May you rest in peace my dear... -Pardo Family

“ I have been a patient of Dr. Smith's for 20 YEARS now, and JUST learned the sad news a few days ago when I called the office for a routine appointment. I was devastated!! The last few days, I feel like I've been in a daze. Dr. Smith was ALWAYS SO reliable and ALWAYS there when I needed him! NEVER hesitating to rearrange his schedule to fit me in if I was sick, or calling in a needed prescription right away! The mere thought of trying to find a new doctor is SO daunting to me, bc I KNOW how tough it'll be to find someone like him!😞
My heart and my prayers go out to the Smith family 💔💔💔

“ I was Devistated when I heard the news. Felt like I had Lost a dear friend, not just my doctor. He was one of the few physicians out there that took the time to sit down when he came in the room (with a big smile) and was genuinely interested with what was going on in my life. Would let me vent and talk about things that I know we're less than interesting. Was always very kind to my little one when she was with me and had tons of patience and would answer all "1,000" of her questions. Lol. My deepest sympathy to his family and his employees. ~ Lizz

“ My thoughts and prayers go out to Dr. Smith's entire family and the entire staff at Sterling Medical! Heaven has gained one beautiful angel, WAY TOO SOON! May your hearts find peace and tranquility through the healing power of love, hope, and light. Just not today, but everyday. My heart is breaking and feels like it has shattered into a million pieces. Dr. Smith was more than just my Doctor. He was my friend, a role model, and my biggest supporter. Dr. Smith was like family to us. He was loved by SO MANY PEOPLE! He had one of the biggest hearts, always went above and beyond, was very caring, very passionate about his job, always had the biggest smile, always knew how to make me laugh, and always had the right words when I was crying. Thank you Doctor Smith for helping me fight my battle with SLE, for helping me get through my battle with depression, and for the countless number of other things that you did. I never imagined that my last appointment with you two weeks ago, would be my last time seeing and talking to you. I will forever cherish your last words to me: "I hope you feel better and have a good weekend. I will see you next week and we will catch up". I wish I could give you one more hug. The bond that we shared was special. I had so much trust in every decision, he made in my medical care. Doctor Smith LOVED THE HAULER FAMILY! Doctor Smith, the Spartans won there first game of the season on Friday!! It wasn't a pretty game, but a win is a win, and they did it for you :) I loved being able to talk about football with him and hear all about his vacations. The memories that we shared, will forever be embedded in my heart. Your legacy will live on! Fly High Dr. Smith! I now have a guardian angel looking down on me. I will continue to make you proud and your entire office will still be part of our family. Dr. Smith I leave you with these words: As you enter your new heavenly home, may you rest in peace. May you always look down upon all of us, with pride that you brought into our lives. You are now truly our angel of grace. It's not goodbye forever, but until we meet again. P.s. LET'S GO SPARTANS!!!! Sincerely, Michele Hauler <3
