“Dad, I will miss you! I will miss our barbecues, you sitting on your chair in your driveway (because you loved to sit outside), seeing you cutting your grass, every holiday, seeing you sitting in "your chair" watching tv and looking out the window and the sound of your lawnmower coming down the street! I will always remember sitting up late at night watching TV, watching the Ball Drop every New Years Eve growing up, our trip to Wendy's in the back of your truck (when this was considered normal) and you preaching on how important it is to "save your money" to name a few. You were the most generous and caring person I have known. I will think of you every day and i'm so blessed to have had you in my life. I will miss you, until we meet again!

Your loving daughter OXOX- Annie
