“ I was saddened to hear that Carla'nne had passed away. I worked with her many years at St. Joe's West ER and always knew I could count on her to give our patients the best and most concerned care. She was a brilliant doctor as well as being an EXCELLENT teacher for anyone who called on her expertise. A lot of doctors, EMTs and nurses are better at their craft because of Carla'nne's teaching. I'll miss her, and my prayers go out to her family.

“ Dear Family of Dr. Dukes, I am saddened to hear of her passing, she was a great doctor and lady. I have known her since her days at BiCounty. She always took the time to teach and discuss treatment and pt care with me. I currently work for Shelby Fire and will miss her caring help as I treat and care for my patients. I will look forward to meeting her again in heaven, because I know she's a saint there as she was here.

“ Steve and family, I am so sorry for your loss. I was very saddened when I read the Macomb Daily today. I worked with you and Carla at Bi-County Hospital many years ago. I remember her being a happy, fiery gal and she was wonderful with patients. We laughed many a times and she was a great teacher and I so appreciate the time that she took to teach. When I was an EMT student doing my clinicals in the E.R. I worked at her side. I was also a health unit clerk in the ICU/CCU for a long time before moving on to the cardiology department, though now retired from the medical field and a business owner. I pray that God gives you the strength that you need to get through this most difficult time. May God bless you as you journey the path to healing and your tears turn to smiles with the wonderful and cherished memories. I remember Carla fondly with a smile. Sharon M.
