“ *My big brother, Chuck, always seemed like a gentle soul to me. There are two decades that separated us, so he was a young man already when I was a little girl. I served as the flower girl at his wedding to Louise. That made me feel so special, like a princess! I have often referred to him as my brother the teddy bear! He was an accomplished artist. I will treasure the portrait he did of me and the dogwood address sign he painted for my house. My husband, children and I plan to hold a remembrance when we're together soon.*

Thank you, Chuck for your gentleness, kindness and love.

I love you.

Your baby sister, Patty
