“ *Cliff will always be in my heart with great memories as I grew up with the Browns. My favorite memories of Cliff are: 1. Cliff's excitement as 33 race cars entered the main strait away at the start of the Indy 500. 2. Bob, Pete and I walking into the house during a snow storm with a case of beer and Cliff delightfully proclaiming..."You brought beer!" 3. A tear in Cliff's eye after I told him that I didn't invite him to Bob's bachelor party because he is Bob's father, but because he was one of our best friends. 4 The countless times I felt welcome when walking through the door of his home. I will always love Cliff Brown.*
