“ Yo Cody this Daniel. I'm at a lost for words man.. met you when u were 12 I was 14. You came rolling down the street on you're skateboard and we started skating together and been tight ever since. You lived 2 blocks from me until I moved 3 years ago. Besides skating we bonded through our life struggles and ambitions. We both seen each other up and down and back again. I just know you were capable of achieving anything you ever wanted to I've seen you bounce back a million times. Got this news while I was at work. Thought of you as a lil brother. Dear Cody, I love and miss you so much. I miss your hugs. I miss your voice. I miss your smile and laugh. I miss talking to you daily. Since 09/07/2021 you have been the only person I consistently talked too. I hope you are flying high Toady Tabagows. I wish we could have seen the duckaroos together one more time. I wish we could have set up the Christmas tree for you one more time because thats what you wanted. I have all your letters and drawings and Ill cherish the lullaby you wrote me forever. I wish you could sing it to me one more time... I love you.

They why was he left out in the cold? ❄️ You loved him so much. You cared so much. You left him in the cold to die. Cut him off from life long friends. And left him in the cold to die. You're an awful person. He deserved so much better.
