MR

“ I reflect very often on my childhood years. They have become more and more precious to me as the years pass. I was truly blessed by the quality of the adults that were so much a part of those years. One of them was Dal. From my earliest memories, through early adulthood, Dal was a significant part of my church family. It seems he was always there to be an active part of everything. When we lost our manager for the church little league team, Dal stepped in to fill that roll. Only since I've been a man and a father have I been able to appreciate the sacrifice of his time. I will always remember his kind and friendly way with everyone. He was truly a pillar of the church for many years. Beyond church, as a milkman, he also delivered milk to our home for awhile, and he and Rilla catered our wedding. He was one of the rocks on which my faith was built, and I will always be grateful. May God bless his family through this time of sorrow.
