“ Dana was one of kind with so much love in her heart. Family meant the world to her, they come first no matter what she told me. We recently had a girls Birthday weekend. We had a lot of fun that night playing cards and sharing good food and drink with friends. I'll never forget that night we laughed so much. I will never be able look at a brownie without seeing the look on her face and eyes. It was priceless. After I asked if she wanted a brownie and she said no I picked what I thought was the best brownie for myself and sat it on the table. When I turned to cover the plate of brownies she took my brownie and started eating while laughing. Right then I felt like she has been in my life her whole life. I thank her for those memories. And her Son Nick what a great job she did mothering him he grew up to be a fine, smart, handsome young man with manners. May the love she felt for all of you be felt and give you comfort in all the trying days ahead.
