“ Uncle Danny Ray - Had I known the last time I spoke with you would be the last time, I would've told you so much more than I did. I regret not letting you know how much you meant to me. How much you meant to my mother. You were always there for us, and always offered an encouraging word when someone was down or sick. Why do you think I called you every time mom was sick? Sure it was to let you know... but also because you lifted my spirits and assured me she would be ok. I was looking forward to fyou coming down for a visit this summer. We love you and will miss you!!
