“ I am truly sorry for your loss. I just heard about it today, and I am sorry I could not make it to the funeral. You might remember me. My parents still live on Ninth Street. David and I used to play when we were younger. David has always been in my thoughts because I always refer to him as the person who got me into music. Every time people asked me about my music collection, I bring David's name up and say that he got me into music. Again, sorry for your loss. I wish I could have been there. If there is anything I can do please let me know.
