“ Our fondest memories of David are of him as a young boy. We were not only cousins but lived only a few miles from each other. David and Robert would ride their bikes to see us often. They were great kids. As life passes we all go in new and different directions and get together less often, but I know David grew into a fine man because he had a mother that was one of the best and from this day on I will always think of David strolling across heaven with her. Harrison Robert, Lonnie & Dina we want you to know in your hearts that God will help you through this time of sadness and we will continue to pray for this for you and all who loved your son and brother.

“ *I am very saddened and shocked by the news of Dave's death. He was a great guy. I worked with him daily throughout most of 2006 installing FileNet at KeyBank and I will miss his sense of humor and depth of knowledge. Dave got us through a lot of tough late nights working on FileNet and he will truly be missed by all of us here at Key who had the privelege of working with him.*
