“ *Dear Cousin David, I am thankful I was able to see, hug and talk to you this past June after being separated for over twenty years. I will always cherish the happier memories we had together and remain thankful for that time in our lives together. I recall how many of my neighbors would sit on their porch to listen to you sing as I accompanied you on the organ along with my next door neighbor Joe on the guitar. You were an inspiration to my oldest son Erik who lovingly referred to you as 'Uncle David', and who later developed and pursued his musical talents and abilities and is currently in a band that not only plays local venues but also in Chicago, Ill., Wisconsin and has been on two European tours playing in Norway, Switzerland and Denmark. I only wish you could have heard them play....you would have been proud! And now by dear cousin, with the sound of your voice still resonating in my ears, singing your favorite song, you have finally crossed over and made that journey: Everybody's talking at me. I don't hear a word they're saying, Only the echoes of my mind. People stopping staring, I can't see their faces, Only the shadows of their eyes. I'm going where the sun keeps shining Thru' the pouring rain, Going where the weather suits my clothes, Backing off of the North East wind, Sailing on summer breeze And skipping over the ocean like a stone. You will always be remembered with love and compassion and although you will be missed I am happy knowing you have finally found peace. With love, your cousin, Rose*
