“ I worked with Dave for about a year, I enjoyed working with him. He was always willing to help and he always had a smile on his face. Dave was such a nice person. He is really going to be missed. My condolences to the family and hopefully in time your heartbreak will be healed.

“ Dave was very kind and helpful to me at General Dynamics Land Systems. Being a contractor at the time, I was very appreciative of his dedication and willingness to help me learn the position of a Scheduler. I am happy to have met him for that brief time. My sincere condolences to all who have been in Dave's life.

“ Words can not express how much of an impact you made in not only my own families lives, but your own family and all the lucky people whom had the honor to know you. The legacy you leave behind is truly a tribute to the love and support you provided throughout your years. You were taken from us far to early , but I believe God has some big plans for you now. I promise you two things: I will continue to cheer for your precious Buckeyes this year, but more important I will do everything in my power to be there for Mary Kay and the kids always and forever. I miss you my brother today and all the tomorrows that follow ♡
