“ *Delores has always been family to me... to our whole family... From two young families to adult friendships, through family sorrows and retirement, our families have formed a bond. Delores and you too, Lou! met Paul on our first date; partied with us at our wedding; helped us tear apart, redesign, and remodel our home; and have been a source of encouragement during happy and not so happy times. But mostly happy times... Our hearts and prayers are with you all.*
