“ My sympathy to the family. I didn't know your loved one however, I do know the pain and grief that can result from the death of a loved one. Death claims the lives of those we love. May the God of all comfort sustain you and give you the strength to cope.-2Corinthians 1:3,4

“ Delores, a wonderful lady I haven't known all that long per the calendar but it feels like I have known her for decades. I will remember her smile, her nonstop kindness, and especially her ability to make you realize it's just a day and tomorrow will be better. I was with you in spirit and prayer through your last days on earth. May you finally rest in peace.

“ *Deana, Leanne and Leon...I am so sorry to hear of the loss of your mother. I will always remember going to her home and her making dinner for Karen, Kathy, Joanne and I when we visited Alabama years ago. You are in my thoughts and prayers during this difficult time.*

“ You don't really know what you have until it's gone. These last few days I always find myself thinking of things she did that I will remember. She always loved to have long talks and share ideas with people. I respected that she could have conflicting ideas with people and still see them as a friend, and respect their own opinion. She was always passionate about the things she loved, willing to fight for what was right. She helped me through one of the hardest times in my life. She was patient with me when I wasn't doing anything with my life and helped me get back on track. I regret not getting to spend time with her this last year or two, there was so much I was looking forward to hear when she came back to Alabama. She always said people will go when it was her time, I hope that she was able to help her friends she made these last couple years as much as she has helped me. She is now happily in heaven with my grandpa, cousin, and probably her dog Samantha too.

“ Dee was a beautiful lady- always a kind word and always had time to lend an ear. I so enjoyed her humor and wisdom. We played Rummikub and she was really great at Trivia. Dee was patient and very kind and loved by everyone. I miss her however her spirit lives on.

“ *My sympathy to the family. No one is ever totally prepared for the death of a loved one. The pain, the grief and the feeling of disbelief can be unbearable. May you draw close to God in prayer and he will sustain you.-Psalms 55:22*

“ *My Dearest Friend, buddy, and Pal. I miss you so very much. You were my very reason for waking up and spending the day with. In my life I have had many friends but with you in just over a year we bonded like sisters. We argued, laughed, cried, sang and talked about everything. I learned so much from you and I hope you did from me. Your daughters and son are wonderful and treated me like family all the time. You were blessed with them. I HOPE you are not suffering any more and having a ball with your dear hubby. Gave a set of roller skates for me so we can skate our hearts out. I could write a book about you but right now I wish you were here . May God take you in his arms and tell you I love you and will never forget you.*
