“ Dear 2nd Mom, Kris, Karolyn, and Melissa, I am so sorry for the loss of your father. I wish I could take your pain away. I have so many memories of him from growing up! From him being Mr Serious to Mr Funny Guy! He always had us laughing even on his bad day. He was one strong, brave man who battled with his illness which it wasn't easy for him but with YOU LADIES being by his side the whole time made it 100 percent better. I know we will all miss him very much! Remember, he is always looking over you no matter what, and in your heart too. Just feel it. Dad Frase, I just want to thank you for making me feel part of your family for the last 33-34 yrs and treating my boys as one of your grandkids too. I will miss you forever. Love ya!

“ Dad, I wish you were still here on this earth, but I know that you are looking down on us and know how much you are missed. We are with you in spirit. There is an old saying that we believe in and that is... send flowers to a person when they can smell them. I tell my wife and daughter that I am a lot like you, I wish they could have known you better. I tell Krista stories about when I was a kid how you would tuck me in at night and our fishing trips. I will always cherish these memories.
