“ I just happened upon Donald’s obituary. I’ve been a hairdresser with BoRics hair care (now Cost Cutters) for 32 years. Donald was a longtime client of ours who always came in with a big smile and such a joyful personality. What a beautiful soul. I’m so sorry to hear of his passing. I imagine he touched the hearts of everyone he came into contact with!

“ We are so very sorry to hear of Don's passing. Don always had a smile on his face and enjoyed being around the Senior Center. He made a lot of friends here and he will be missed. We especially enjoyed all of the beautiful things Don crocheted for us over the years and his incredible love and devotion to his mother, Mary. We are sending our thoughts, prayers, and love to Mary and all of Don's family. The staff and members at the Shelby Township Senior Center.
