“ We are so sorry to hear of Donna's passing. She was an integral part of our neighborhood and we will miss her. She always had a smile and a wave. We were impressed by her constant efforts to recycle and her concern for the environment. She befriended many stray cats over the years, protecting them from the weather. Our hearts go out to her children. Take care and let us know if we can help.

“ When I think of Donna I think of how artistic and talented she was. I still have some things she sewed for me. Her dark eyes would sparkle, and we would sit and have great talks. She was interested in you and what you had to share. I'll miss her magical spirit. Carla

“ Donna was my best friend, Angie, big sister. I knew her in my teen years. She was talented, kind, a little daring to me anyway!& she loved her music. So different than my conservative sisters. She was the only "hippie" I knew, she even went to Woodstock! I remember how cool I thought that was. She was always so nice to me or she just put up with me! My heartfelt sympathy to Angie, her kids & friends at this sudden loss. You are in my thoughts & prayers.

“ Donna was a college roommate and friend, and what a wonderful spirit I know she leaves behind...because it has stayed with me almost 40 years. The wildly curly haired woman who fascinated me with her physadellic paintings and warm smile. I hope her life was full and she will be missed.

“ I know saying goodbye is hard, but remember you are honoring her by taking care of things. I know she was a good mom, just look at her son. God will give you the strength you need now.

“ Her first loves: music, art, and literature so well studied by her unique and creative mind. Donna is a fearless spirit set free of life's trappings. She shall explore and enjoy.
