“ *Mom I love you. I am so blessed to have been your daughter. I have so many memories of my last time coming and visiting and stayin with you and dad. I was glad that I got to come and take care of you like you did for all of us. Be free mom and out of pain. I know you will be watching over us. Until we see each other again you are alive in our hearts. I will call dad everyday to check on him. I love you.*

“ *Dear Mom*

As I sit here with your son and he cry's I hold him and let him cry. He lost his mom his friend someone that if he cried you would wipe his tears And take away his fears. As you left us he was there to hold you and wipe away your tears and take your fears away. he promised he will watch over dad and make sure he is ok. I thank u for the time u gave us and the joy u gave us. I know we did not see eye to eye on somethings but we still loved each other. I know It was not enough time to do all u wanted to do but seeing u laugh with your sister and cry with them to see you daughter and her daughter again. To have your grandchildren by your side and see them grow. To know that everyone was there and still is. to have your brother and wife be there also was great to see. As I looked around the room I thought I don't think this house has seen so many people in it at on time. I know you don't hurt anymore and u are with the family looking down at us. We will be fine and we will always say mom said this and that. I thank you for letting me part of this family and have a wonderful son that I married I would not change anything.
