“ *The relationship that Doris and Lawrence had was one that exemplified how people really can spend a happy and respectful lifetime together. I am sorry she has gone, and I will always remember her smile and friendly voice saying, "Hi, Mike." Rather than flowers, Val and I will honor her wish to make a contribution to St. Jude's. “ *I am sure that Aunt Doris has earned a high place in heaven because of the great love she shared with her family and extended family. I always sensed that her love was genuine and I will always remember her for her sweet disposition.*

“ *Chris, "Tootie", Jeanie & Concetta, I am sorry to hear of your mom's passing. I remember her as such a sweet person. Though it has been many years since I have seen any of your family I still I think of you all and thosedays often. With great fondness I recall those days of playing school down in your basement on Kenwood, talking about the Beatles upstairs in the "younger girls" bedroom and eating your mom's great lasagne at your dining room table. May she rest in peace. Patt*
