“ *I will always miss "Aunt Dorothy". My mom and her were like sisters and I have so many fond memories of her from my childhood. She made me my favorite birthday cake-it was a Cinderella's castle-it was beautiful, complete with a mote and a horse and carriage. She gave me my first short haircut, a "DA" when I was 12. She was always into some sort of crafting, like ceramics or sewing and I received many hand made gifts from her over the years. Every time I see anything related to GWTW I smile and think of her. She was a good cook of course, the layered jello was my favorite and loved to play cards. I will never forget how proud she was of me when I graduated from college. She was always there for all the big occasions in my life and am really going to miss her.*
