“ I am related to Dorothy through the Siterlet, Aunt Nettie side of her family. I lost touch with her when I moved about 4 years ago. I visited many times both before and after Aunt Nettie's passing and enjoyed many happy times with Dorothy & Carl. We shared a love of the Siterlet heritage, and spent many afternoons talking about her daughter's family and life. She was very proud of them all. I do not know how to contact Carleen but would be grateful for any aid in that department. Dorothy has been in my heart forever, and my mind would not let go of late. Google made it possible, but too late. She knows tho, as I know she is looking down. Her Family & friends were her life. ~ Kathie Moody Laskaska

“ I want to thank everyone for their well wishes and contributions to Grandma's memory. She often mentioned the lunches and letters she shared with people. I'm sure many of you received the newspaper clippings. The last one I got was about the CMU football scores. She told me about going on rides with Mom in the car and the different decorations that caught her eye. She kept me informed about the weather reports; especially Denver ones she had read about. Every letter or phone call had an element of weather. Perhaps she missed her calling and should have been the weather girl!!! I know your support when Buppa passed meant the world to her. It was so hard while he was in hospice because the physical & emotional demands on her would be tough on anyone, let alone a 92 yr old woman. Your outreach to both of them during that time is what got her through. She missed him terribly and I am happy for her that she is with him now.

“ Dorothy was so wonderful to us. Dave & I met at Downtown Train & Camera, fell in love and got married, all thanks to Carl & Dorothy. We loved them and felt that they were family. We'll miss Dorothy's cheerful letters. Thanks for the memories...

“ We will miss Dorothy with her friendly smile and letters keeping in touch. Our meals together were always important for all of us. We know she is back with Carl and enjoying their time together. We will keep her family in our prayers as they have been just as nice to us. Dorothy we love you and Carl. You made us a very important part of your life. The memories from the store are priceless. We had lots of fun and memories. Although I worked for another camera and train store Downtown Train and Camera was the best. David and Beth were employees also and they have become life time friends. We are going to be celebrating our 50th Anniversary and Dorothy was at the top of the list. See you someday.
