“*Doug, each day that goes by get's harder and harder. It just doesn't seem real. I don't want it to be real, but in the end it is and with all my heart and soul I will miss you. You are an amazing person and soul and I know that you are shining down on all of us. I am going to miss that "big brother" hug that only you could give. There isn't a day that goes by that I don't miss you. I Love You with all my heart and soul and I will cherish the 41 years we had together and all the amazing memories we created as kids and adults. The future isn't going to be the same without you and that is the hardest part. Thank you for the lessons you taught me and for the last visits and calls as they meant more to me than you could have ever imagined. I love you BRO...*

“*To my loving brother - As I step out into the great outdoors this weekend I know you will be with me as you have always been! I will cherish all of our childhood memories, adolescent memories, and most of all the most recent times. Your advice and our many talks have guided me and all those that you have touched. You will be missed but know that we will all go on loving you and praising your generosity towards all. I'll make you proud brother. Rest in peace bro! I'll see you in the new system!*

“ Dear Son, There are no words to describe the sadness we are all feeling. We miss you so much. There are times we do not know how to go on and yet we are so inspired by your love and generous ways that we yearn to emulate you and make you proud. You have touched so many hearts. You are always with us. We feel your love and know that you are close. Please talk to us like you did today. It really helps ease the pain. We wish you were still here so that we could pick on you like we all used to do. That was so much fun. God has blessed us with you in our lives and we are confident that we will all be together again. We are sending all our love to you and know that you are "Golden" and living in God's peace and love. We know that you are safe and that no harm can come to you. We look forward to getting one of those great "Doug Hugs" that you gave out so lovingly. We have so much to say but will save the rest for when we see you again. Love You Always!

“ Hi Dougie, Your leaving us left behind a big hole in a lot of peoples' hearts. Your Mom, Dad, and sisters' have the deepest holes. Mine is deep, but I know you will find some way of filling it with love & forgiveness for others just as God wanted us to do and how you lived your life. You set God's example for us and it is up to us now to carry on the purpose of God's life for us. You have left us full of your great memories to light the fire under us to carry your message of "Do unto others as you would have them do unto you" I will miss you and love you until I can tell you when I see you in heaven,my Blessed Godson.

“ I am a good friend of Christine, here in Phoenix, AZ. I am so sorry for your tragic loss of a great man. I never had a chance to meet Doug - but Christine talked about him all the time, saying he was not only her brother but her best friend as well. I believe I would have met him eventually, and he would have become "my best friend" as well. My heart and deepest sympathies goes out to all.

“ *To Doug: We both know we had a lot more memories to make but I appreciate the priveledge that it was to know you the way I did. And to anyone who has ever cared about Doug: Nothing can make this easy and he can never be replaced, but we can be thankful to have had him in our lives because not everyone can say that. He was able to enjoy a life's passion just one last time and he wouldn't have asked for anything more than just that.*

“ Our thoughts and prayers are with Bouford family - May God give strength to endure these difficult times. Just sharing my father's quote- “Yesterday never lives and tomorrow never dies. Aim towards the goal in the future and establish plans in the present. Honest efforts/work in the present can only get you back on the track. It is hard to forget a loved one whom you would associate with, in so many little things around you, in daily life... So the real tribute would be to live a life that celebrates the fond memories and that follows the values/virtues that he/she inculcated. Act,- act in the living present! Heart within, and God o'erhead!” The Psalm of Life – H.W.Longfellow
