“*Uncle Ed was a person I looked up to when I was growing up. I looked forward to when we would visit at his home, and when the Sadowski's would come to ours. I never stayed with the women, but always joined the mens group of all the uncles. I loved to hear them discuss politics and current events, and the war. Uncle Ed always was in the thick of things, and with such interesting opinions. I always will remember when we had family picnics, and Uncle Ed would take us kids for nature walks though the wilds of the parks. He never got tired though we did and never said no when we asked him to take us. He and Aunt Freda are so proud of their two children, and of their four grandkids. He will be missed dearly by all of us left behnd. It is the passing of the guard. Uncle, I know you will watch down from Heaven along with David on us remaining, until we join you someday. May God bless and keep you forever. Elaine*
