“ I went to Nurses training with Hope, worked with her in the hospital ,and was one of her roommates after graduation. We had so much fun together. She took me to her house often in Mt Healthy. I loved her Mom and sister who were always so welcoming. Im glad I got to see her 5 years ago at our reunion. She was a dear friend. My condolences to family. I know you will miss her greatly.

“ I love the smile....it's the same smile I remember. Hope and I spent many after school hours with mutual friends at the local drugstore in Mt. Healthy.  
It was so much fun to be her teammate during gym class at the bowling alley.  
My favorite memory of Hope is the night she and I both attended a school sponsored Christmas event...Christmas caroling uptown Mt. Healthy. It was so cold and though there were things going on in her family at the time she was very “up” and persevered through her pain...as always...smiling her beautiful smile.  
I know you will all miss her

“ Memories of going to school and working with Hope were always filled with her larger than life laugh and smile. Full of self confidence, you could bet she was the center of the gathering. An excellent nurse, working with her was a challenge to “keep up. “. We were happy she was able to make it to our last (50th) class reunion from Jewish Hospital in Cincinnati. We know she is organizing the angels now, maybe in a game of softball.

*"Hope, you will be sorely missed. I always admired your tenacity." To her family; "Hope was a dynamo to be reckoned! She could get that NG tube down, when nobody else could. Hope always took on a challenge to help her peers." May she rest in peace.*
