“ *to Chris, Cathy, Michelle, Mike and Matt- Felix always treated me like one of the family. I think I spent more time at your house than mine during most of our early years. I'll always remember the excitement he had for the Polish Easter traditions and the care that he put into assembling the basket. It would be fun to sample his Polish sausage with our more mature palates! The weddings and polka broke his work a day persona and made him shine. He loved his family. Hugs to all of you in this difficult time, with an extra one for Chris!*
