“ I just heard via Patti & Bruce of the loss of your mom. As I read the article in the paper, I paused to reflect on my memories of her. Indeed she was a wonderful lady with a beautiful smile. I will remember all of you in prayer as you go through this time of grief. Due to teaching schedule and caring of children, I'm not sure we can make it out to visit with you at this time. We still miss you in the neighborhood. Love, Florence
