“ Dear Teodecki Family, I have fond memories of chats in the kitchen of your Rochester home. There your Dad inspired me with great passion to dream big and to be creative in life. I have not forgotten the impression he made on me during my college years and I have carried his inspiration with me to this day. Your Dad has touched my life in a special way! May the souls of the faithful departed through the mercy of God, rest in peace. Psalm 23 With heartfelt sympathy, love and prayers, Barbara Obear Seski

“ We were so sorry to hear the sad news about Frank’s passing. Mary, you know you are still one of the most special people in my life. And without Frank and Medical Data Systems I would never have met Bill. We regret that we are in Arizona and so cannot attend the funeral. We extend our deepest condolences to the entire family and hope to see you in the not too distant future. With love, Veronica Sanitate and Bill Middleton

“ Mary, Although it's been years since we camped across the road from you, I look back fondly on those days. Frank would always stop by to visit and we would sit at the picnic table and share one another's life stories. Beyond being a fascinating man, Frank was an attentive listener and made us feel that our stories were just as important as his. I can say with certainty that Frank enjoyed those visits as much as we did. I appreciated the standing invitation to visit with you and Frank at the house and enjoyed those occasions as well. Eternal rest, grant unto Frank Dear Lord and let Perpetual Light shine upon him. Your entire family is in our thoughts and prayers. Gregg, Mary, Gregg II & Mark Zdan Canton, Michigan

“ Hello. My name is Beth. I am proud to be a member of my remarkable family. Bunny continues to be a beloved crucial member of a strong family. When he was born, he looked like a darling bunny! Nothing could be sweeter, so the name continues on. My Mama, Victoria, adored him, as well as every one in our family does. Notice I use the present tense. See you soon everyone. I love you.
