“ Frank, I sit here with a heavy heart knowing the loss that you and your loved ones are experiencing. If it helps at all, every once in awhile when I think of my Dad, tears will develop in my eyes because I miss him so very much, but then all of a sudden a smile will replace those tears and following that would be an healthy laugh and I just know in my heart hat he has tickled me because he wants to hear me laugh and not to grieve for him. All of my love and prays to you and your family. Love Cousin Becky

*“ May we offer our condolences to your families. Frank was a lovely man and a wonderful neighbor. He always had a kind word for our children and was very generous with his tomatoes, which we loved seeing him tend every summer. We always felt the hope of the coming spring when we saw him getting his garden ready and tending his apple trees. He seemed to get such enjoyment out of growing things and his garden gave Terry and him an opportunity for many over the fence chats. We will miss him very much.*
