“ Where to begin? Fred was one of the most kind-hearted men I have ever met, the holiday parties at Beaumont will be a little dimmer without his smile and kind words. Good bye old friend, our lost is God's gain...blessings and miracles always my friend....

“ To the family of the late Fred Howell, Jr., I know that this is a difficult time for you, but know that in God's time, the sting of this death will lesson. Mr. Fred was a wonderful person. I always enjoyed seeing his smiling face and friendly disposition. He will be greatly missed. Whenever I was at the hospital, I would sometimes run into him. He was always happy. I pray that God will strengthen you day by day.

“ Dear Dorothea and friends of Fred - So terribly sorry to hear of Fred's passing. I first met Fred in 1978 when I came to Beaumont for a fellowship with Dr. Jan Behrman. Fred was the first person that I met in the OR and he has been one of my all-time Beaumont favorites since. He was an excellent scrub tech and just a wonderful friend and human being. I will miss how great he was about taking my razzing of him all the time about his old age and the fact that every time I saw him he was seemingly either going to lunch or another coffee break!! I will dearly miss giving him a birthday card every Feb. 12 and on every b-day ending with "0" or "5" a bottle of champagne also. As were we all, was looking forward to sending him off with a proper retirement party someday. It is said that time will heal. Time may help, but only memories will heal. I pray that our memories of Fred will be bountiful and beautiful as we cope with his passing. I know mine and those of my wife Chris, who also knew Fred well thru her many years at Beaumont, will !!!! With prayers and sympathy, John Musich, MD
