“ I am so sorry to hear of Mrs. Segal's passing. "Mrs." is the only way I can think of her, as I was one of her fifth grade students at Oxford School in 1961. She was one of my favorite teachers; she was hard on me, but always fair. I always wanted to do my best for her. I can't express how it felt for me to have a teacher who looked like me. It was wonderful to read about her life and family. I know she will be missed by many.

“ Dear family and loved ones of Fusae, having known her for as long as we have, it really wasn't until we started bowling together on our small, casual league that we became closer. She and John would practice outside of our bowling days so she could perfect her throw. They were always the first ones there on bowling days, ready to go, and Fusae would be a one-woman cheering section and ego booster. We were always amazed at how such a slow ball that she threw could get so much pin action! Although Fusae and John haven't bowled with us in a few years, those are the sweet memories I'll always have of her. Her smile, teasing wit and great laugh I'll remember for as long as I live. She was indeed a very special person and thinking of Fusae always makes me smile.
