“ I have known Gary since we were teenagers. We would message each other on FB. He would send me these goofy things with my face on it.lol. I know he was looking forward to be able to get a lung transplant. He was excited and he told me he had put in an order for a truck. He was in a good place when we last talked. A couple weeks later I found out Gary had passed away. I will always have fond memories of Gary and he will be missed. Prayers sent to his family and friends. May you RIP Gary.

“ I had recently met Gary on a Pulmonary Fibrosis Facebook page. I had the disease for many years and in 2022 it got really bad. UofM turned down for transplant in 2019. I thought it was over. I was accepted at Spectrum Health in Grand Rapids January 2022 in the evaluation phase. I was accepted at put the the national transplant in July of 2022. I received my new lungs from a selfless donors family in September 2022. About 3 months later Gary contacted me online. We exchanged ideas the things that helped me and suggested questions to ask his doctors. He seemed to be thankful and was getting somewhat optimistic from our similar situations. We talked about meeting for dinner at Krus and Muir in Clarkston (I live in the Flint area) but unfortunately that never happened. My faith is God is absolute, I have a huge support group that has helped me tremendously. I'm sure Gary had many who cared, prayed for and supported him during this difficult journey. I know he wanted to live as long as possible. Prayers to his family and loved one. So sorry for your loss.

Set me as a seal upon your heart, as a seal upon your arm, for love is strong as death, jealousy is fierce as the grave. Its flashes are flashes of fire, the very flame of the Lord.
