“ Mike and Gary were bestfriends they met when they were 5, so I guess I should've expected that on our wedding night after we left. Gary started gathering beer cans to string together. Then He wanted to know where we were. By then my Mom caught Him and told Him it wasn't a good idea, She called us and Mike talked to Him and He backed down. Mike nor I slept or anything else to He got ahold of Gary and He was home. I think about that every time I go to a wedding and I can hear my husband saying I have a buck shot with your name on it.
